**Traffic switch scheduled for Monday, January 21, 2008 on a portion of
Capital Circle Southeast from Connie Drive to Barcelona Avenue**

Tallahassee – Crews from Blueprint 2000 will switch traffic on a portion of **Capital Circle Southeast** from Connie Drive to Barcelona Avenue on Monday, January 21, 2008. Southbound traffic will be placed on the newly constructed permanent southbound lanes on the west side of the road, while northbound traffic will remain on the east side of the roadway. Motorists should use caution as southbound traveling lanes on Capital Circle Southeast crossing Apalachee Parkway will continue to be shifted occasionally for the next several months to complete the tie-in work at the north end of the project.

Motorists should be alert that intermittent temporary lane closures will still be in effect.
