**FAMU STUDENTS TO ATTEND FIELD TOUR OF CAPITAL CIRCLE
SOUTHEAST**

Tallahassee – Blueprint 2000 will hold a field tour observation of the Capital Circle Southeast Construction Project on Wednesday, March 26, 2008 at 10:30 a.m. for approximately 15 students from the Florida A&M University Architecture and Landscape Architecture Programs. They will be accompanied by C.L. Bohannon, Assistant Professor of Landscape Architecture. J.W. Hunter, P.E., Resident Engineer from Parsons Brinckerhoff and Scott Stoutamire, Construction Project Administrator from PBS&J will lead the tour. The students will meet at the Capital Circle Southeast construction trailer, just south of Tram Road (behind the cell phone tower). The students will be given hands on demonstration of asphalt and roadway construction. The outcome from this observation will give the students a better understanding of how the road paving process works.
