Blueprint 2000, Public Meeting regarding the Design of Capital Circle Southeast, from west of Woodville Highway to west of Crawfordville Road to be held on Monday, July 16, 2007.

Tallahassee – Blueprint 2000 has scheduled a Public Meeting regarding the design of Capital Circle Southeast from Woodville Highway to Crawfordville Road. This project is funded by an extension of the local one-cent sales tax approved by Leon County voters. Currently, no funding is available for right-of-way acquisition or construction.

The Capital Circle Southeast project (SR 263) extends from west of Woodville Highway to west of Crawfordville Road and will widen the existing two-lane rural road to a multi-lane urban facility. The 1.67-mile project will include curb and gutter, a meandering trail, sidewalks, bicycle lanes, stormwater improvements, as well as substantially landscaped medians and landscaped borders.

The Public Meeting will be held on Monday, July 16, 2007 from 5:30 p.m. to 7:00 p.m. at the Blueprint 2000 office, 1311 Executive Center Drive, Suite 109, The Koger Center, Ellis Building, Tallahassee, Florida. Visual displays and handouts regarding the project will be available for review and will include a project fact sheet, existing conditions, project design and the proposed right-of-way needs. Members of the Blueprint 2000 project team will be available at this meeting to explain the scope of the project and to answer your questions.
