Temporary Lane Closures on Eastbound and Westbound Capital Circle Southeast, one mile east of Woodville Highway

Tallahassee – Blueprint 2000 announces alternate lane closures on Capital Circle Southeast one mile east of Woodville Highway. The eastbound and westbound lanes have been reduced to one lane of traffic due to investigation of depression in the roadway. Traffic will be down to one lane and flagmen are on the scene to assist motorists.

All modes of transportation should approach this area with caution. If you have questions, please contact Keith Duke, Project Administrator at 850-251-8511.

Motorists are urged to use extra caution when traveling through the work zone. Motorists are reminded that the posted speed limit is 45 mph.
