**SPOT REMEDIATION AT CASCADE PARK UNDERWAY**

---

**Tallahassee** – In preparation for the construction of Capital Cascade Trail, Segment 2: Cascade Park, URS Corporation has begun spot remediation activities in the middle park area. The Florida Department of Environmental Protection has approved the spot remediation work which consists of the removal and backfill of soil from impacted areas where post-development park features or utilities will encroach. The bids for the construction of the park are scheduled to be opened on January 19, 2010 with construction slated to begin late spring 2010. This project is funded by the extension of the local one-cent sales tax approved by Leon County voters.
