## I. Agenda Modifications

## II. Information Items

### **Item #1: Revisions to the IA's, CAC's, and TCC's Rules, Bylaws, Policies, and Procedures**

This item was provided as information only.

Tony Park stated that he provided comments to Autumn Calder.

### **Item #2: Capital Circle Southwest Permitting Review**

This item was provided as information only.

Tony Park requested clarification on the item. The agenda item stated that Leon County would permit the southern segment; the attached email stated that it was delegated. Russell Large stated that in the segment from Springhill to Crawfordville, the adjacent properties were in the City jurisdiction; the right of way was within the County. Through discussions with both agencies it was determined that the County would administer the permitting for that segment. It has not yet been before the Commissions however both agencies had acknowledged it. Attachment 3 clarified this arrangement.
