

# Magnolia Drive Multi-Use Path Public Meeting

Hartsfield Elementary School  
1414 Chowkeebin Nene, Tallahassee, FL 32301

Thursday, November 13, 2014  
6 p.m.

Please provide your comments below. If more space is needed, please use an additional sheet of paper. You may place your comments in the "Comment Box" provided at the meeting, or send to Susan Emmanuel at the address below by December 4, 2013. Emailed comments are also acceptable to [susan.emmanuel@blueprint2000.org](mailto:susan.emmanuel@blueprint2000.org).

Thanks I LOVE what you are doing!!

We have many great bike/walk facilities

Needs:

#1 hold dangerous drivers accountable.  
(everyone who uses cross walks has

4 - put solar ~~over~~ hr  
On lots (for shade/energy)  
(see County Extension agency near fairground Jim Russell Road) been hit or nearly hit and drivers don't get tickets (I was hit and either no ticket or no one knows) (guy reaching for cell phone)

#2 Slow streets to < 30MPH on most city street  
(on street parking help)

# Get rid of many parking lots by sharing them —  
churches with businesses - parking meters on private lots??

Very excited about projects.

But need to slow down traffic on Magnolia.  
Putting a light b/n Jim Lee + Circle is essential to  
both slow traffic and allow Myers park residents  
to access the trail and Optimist park. The intersection  
near Hukolin may be ideal location.

In addition, need safety features protecting pedestrians  
from cars drifting. And need to strategically  
locate bus stops. AND need to be aware  
of Hartsfield school + kids walking down magnolia  
and needing to cross near the school.

- please build sidewalks on west side of Magnolia between Chowkeebin and Azalea - very important for school children in Magnolia Grove.

- please consider a crossing halfway between Jim Lee and Circle, so pedestrians can access bus stops and walk between Indianhead and Woodlawn drives.

- please consider pedestrian illumination

- please improve curb turning radius at crossings so that cars turn at a safe speed, not an efficient speed.

Lafayette's turn radius are too dangerous.

- where the path is directly adjacent to the roadway, consider a substantial ~~barrier~~ continuous barrier.

#1 addition to Phase 1 + 2  
Circle to Parkway critical - to access local businesses.

Improved lighting would also be helpful for pedestrians!

Agree w/ safe routes rather than amenities. Walking  
treacherous now.

North-south corridor between Jim Lee & Parkway ~~has~~ would have the most potential use. Please provide continuous path or sidewalk on at least one side. (Lafayette to Parkway already has sidewalk on E side)  
Would be nice to have 3' landscape strip behind curb, as far as possible.

Maybe it's a done deal that you are starting with the segment adjacent to the south side of the golf course - seems to me that the most critically needed segment is the one to north of the new crossing at Circle connecting to the new sidewalk near the light at Magnolia + Lafayette.

Seems like this southernmost segment is the LEAST needed of the entire Magnolia corridor.

Thanks for all you've done so far! You are making Indianhead even more livable.

The priority should be the blocks  
between Lafayette & Oshin Nene.

This would provide safer foot traffic and  
higher connectivity to schools,  
Cascade Park & Shop Local.

Thanks for all of the improvements  
you have made so far!
